50. Question: Correct: He *insisted* that she *leaves* early.

Solution:

Subjunctive mood after ?insist? requires ?leave.?

Corrected: He insisted that she leave early.

Reading Comprehension

Passage (Questions 51?55):

Technology has transformed education. Online platforms offer courses from top universities, making learning accessible. However, digital learning lacks the personal interaction of traditional classrooms. Studies show that blended learning, combining online and in-person methods, is most

effective. Teachers must adapt to these changes to stay relevant.

51. Question: How has technology impacted education?

Solution:

It has transformed education by offering accessible online courses.

Answer: It has made learning more accessible through online platforms.

52. Question: What is a drawback of digital learning?

Solution:

It lacks personal interaction of traditional classrooms.

Answer: Lack of personal interaction.

53. Question: What is the most effective learning method according to studies?

Solution:

Blended learning, combining online and in-person methods.

Answer: Blended learning.

54. Question: What must teachers do to stay relevant?

Solution:

Adapt to technological changes.

Answer: Adapt to changes.

55. Question: What do online platforms offer?

Solution:

Courses from top universities.

Answer: Courses from top universities.

Passage (Questions 56-60):

Climate change is a pressing global issue. Rising temperatures lead to extreme weather events like floods and droughts. Governments must implement policies to reduce carbon emissions. Individuals can contribute by using public transport and reducing waste. Collective action is essential to mitigate its effects.

56. Question: What is climate change described as?

Solution:

A pressing global issue.

Answer: A pressing global issue.

57. Question: What are the effects of rising temperatures?

Solution:

Extreme weather events like floods and droughts.

Answer: Floods and droughts.

58. Question: What should governments do to address climate change?

Solution:

Implement policies to reduce carbon emissions.

Answer: Reduce carbon emissions through policies.

Corrected: Neither of the solutions is viable.

50. Question: Correct: The data *was* analyzed thoroughly.

Solution:

?Data? is plural, requiring ?were.?

Corrected: The data were analyzed thoroughly.

Reading Comprehension

Passage (Questions 51-55):

Artificial Intelligence (AI) is reshaping industries. Machine learning models, trained on vast datasets, enable predictive analytics. However, ethical concerns, such as bias in algorithms and data privacy, pose challenges. Regulatory frameworks are evolving to address these issues, but global consensus remains elusive. AI's potential to augment human capabilities is immense, provided its deployment is responsible.

51. Question: What is AI doing to industries?

Solution:

It is reshaping industries.

Answer: Reshaping industries.

52. Question: What enables predictive analytics in AI?

Solution:

Machine learning models trained on vast datasets.

Answer: Machine learning models.

53. Question: What are the ethical concerns mentioned?

Solution:

Bias in algorithms and data privacy.

Answer: Bias and privacy issues.

54. Question: What is the status of regulatory frameworks for AI?

Solution:

They are evolving, but global consensus is elusive.

Answer: Evolving without global consensus.

55. Question: What is AI's potential if deployed responsibly?

Solution:

To augment human capabilities.

Answer: Augment human capabilities.

Passage (Questions 56-60):

Globalization has interconnected economies, fostering trade and cultural exchange. However, it exacerbates income inequality and environmental degradation. Critics argue that multinational corporations exploit developing nations, while proponents claim globalization drives innovation. Balancing economic growth with sustainability requires nuanced policies and international cooperation.

56. Question: What has globalization done to economies?

Solution:

Interconnected them, fostering trade and cultural exchange.

Answer: Interconnected economies.

57. Question: What negative effects does globalization have?

Solution:

Exacerbates income inequality and environmental degradation.

Answer: Increases inequality and environmental harm.

58. Question: What do critics say about multinational corporations?

Solution:

They exploit developing nations.

Answer: Exploit developing nations.

59. Question: What do proponents of globalization claim?

Solution:

It drives innovation.

Answer: Drives innovation.

60. Question: What is required to balance economic growth and sustainability?

Solution:

Nuanced policies and international cooperation.

Answer: Nuanced policies and cooperation.

Jumbled Sentences

61. Question: Arrange: (A) with remarkable (B) the scientist (C) presented (D) clarity, (E) her findings

Solution:

Subject-verb-object-adverb: The scientist presented her findings with remarkable clarity.

Answer: B-C-E-A-D

62. Question: Arrange: (A) despite (B) succeeded, (C) the team (D) challenges, (E) formidable

Solution:

Subject-verb-adverb-object: The team succeeded despite formidable challenges.

Answer: C-B-A-E-D

63. Question: Arrange: (A) the novel, (B) with intricate (C) captivated (D) readers, (E) plots

Solution:

Subject-verb-object-adverb: The novel, with intricate plots, captivated readers.

Answer: A-B-E-C-D
